

Fortinet Trade-Up Program (US Only)

Technology is constantly changing – especially when it comes to security. And Fortinet understands your need to ensure your customers are always protected and works hard to bring you the latest in threat protection.

And with the release of FortiOS 4.0, Fortinet has redefined network security again by extending the scope of consolidated security and networking capabilities within FortiGate multi-threat network security platforms. With over 40 new features, FortiOS 4.0 delivers on its mission to enable secure business communications while offering the best security, performance, and total cost of ownership possible.

You can upgrade your Fortinet technology affordably. During 2011, you can **request special pricing** when you upgrade. Legacy Fortinet products are referenced in the tables below, and contact L4 Networks if your products are not listed to find out if you qualify. **Now extended until further notice in 2012!**

Top 5 Reasons To Upgrade

- 1. Advanced Feature Set**
New in FortiOS 4.0: A high-performance flow-based antivirus option, integrated VoIP security, wireless controller, WAN Optimization, Application Control, Data Loss Prevention (DLP), SSL Inspection, web filtering and Vulnerability Management capabilities.
- 2. Improved Performance**
Older units may be plagued by slower performance and fewer options; the latest FortiASIC processors deliver more security faster, without slowing down the network.
- 3. Updated Security**
Technology is constantly changing – especially when it comes to security. With the release of FortiOS 4.0, Fortinet has redefined network security again with latest technologies.
- 4. Support**
As part of any product lifecycle support services eventually expire as products meet end of order dates; upgrading ensures that support for the unit continues.
- 5. Savings**

Process:

- Submit formal Competitive Trade-in request and competitive products being replaced by calling us at 703-955-3666 or using our [Contact Us Form](#).
 - **Information Needed:** Legacy product name, serial number and quantity, new Fortinet product model name, SKU, quantity and preferred distributor, and end user name, address and contact
- Wait 48-72 hours for approval or denial from L4 Networks/Fortinet.
- If approved, we will provide your special price!
- Install the new FortiGate and recycle the legacy product!

Terms and Conditions:

- Fortinet Trade-up Program valid from 12:00 a.m. PST on Jan. 1, 2011, thru 11:59 p.m. PST on Dec. 31, 2011.
- In order to qualify for the Fortinet Trade-up Program, all submissions must involve a legacy FortiGate end-user in the United States. The end-user must be the legal owner of the qualifying FortiGate product(s). Fortinet reserves the right to validate legal ownership.
- All submissions are subject to Fortinet approval. Approvals shall be made in Fortinet's sole and absolute discretion and any decision by Fortinet relating to a submission shall be final.
- Legacy FortiGate serial number(s) and Trade-Up Form required prior to approval being granted.
- Fortinet Trade-up Program is subject to Fortinet's standard FortiPartner Deal Registration guidelines and product access. This means if you are already working with another partner, we may not be able to process the request.
- This offer cannot be combined with any other Fortinet offer or promotion.
- Fortinet reserves the right to amend or cancel this program at any time, to add or subtract qualifying products, and to raise or lower amount of discount at any time for any reason. The decisions of Fortinet are binding and final on all matters relating to the program.
